STONE CORE

STONE CORE

Simply Stone is an authentic Stone Core flooring product with unique features and attributes that allow Simply Stone to be capable of revolutionary hallmarks compared to other flooring products.

100% WATERPROOF

Simply Stone is 100% waterproof because of its Stone Core. Simply Stone is the perfect flooring option for any environment prone to moisture issues and will not be affected by water.

DIMENSIONAL STABILITY

Simply Stone has incredible core strength due to its proprietary stone composition and manufacturing techniques. Resulting in a Stone Core that is incredibly dimensionally stable that can be installed in interior spaces with extreme environmental conditions.

100' X 100' INSTALLATION

Simply Stone is produced with a proprietary core that resists dimensional change, making 100' x 100' installations possible without a molding transition requirement. Simply Stone is also approved for use with in-floor radiant heat.

SUITABLE FOR EXTREME ENVIRONMENTS

With Simply Stone's proprietary core, installation within extreme interior environmental conditions is now possible, capable of withstanding -40°C to $+40^{\circ}\text{C}$ temperature fluctuations.

DURABLE

Simply Stone was designed with durability and wearability in mind. Simply Stone features a robust locking system and commercial grade wear layer all on a stone core that is tough as rock.

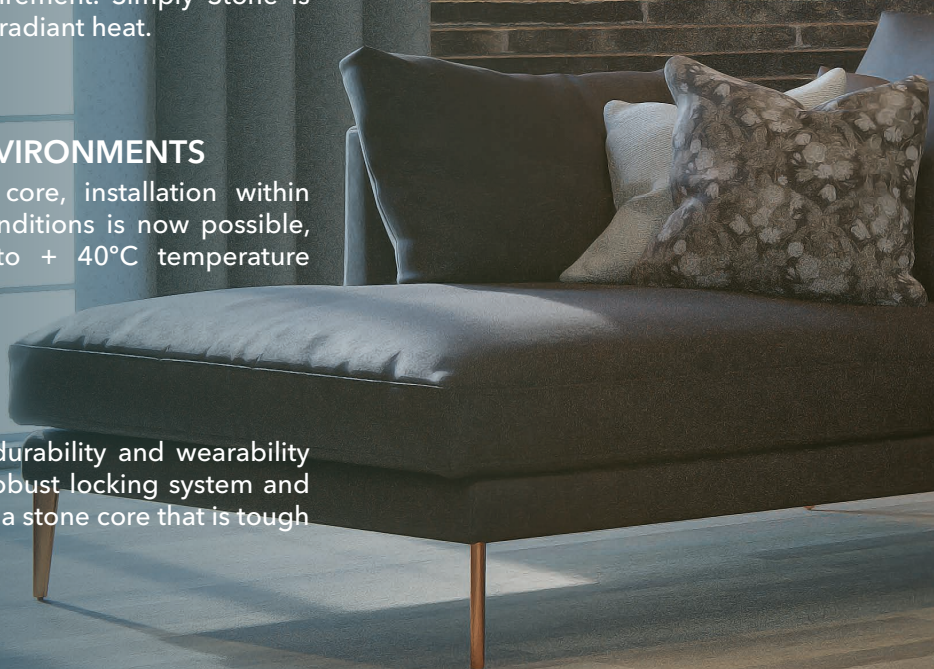

20MIL WEAR LAYER

Featuring a commercial-grade, PU coated, 20mil wear layer. Simply Stone can withstand the wear and tear of everyday use in virtually any interior setting for many years to come. Simply Stone's beauty can endure even the harshest of environments through its tough resistance to UV fading, staining, and wear.

CLICK INSTALLATION

Simply Stone features a floating angle-tap-click installation. Floating click installations make it easy to install Simply Stone, even over some pre-existing floors. Achieving a high-quality fit and finish for every renovation and new construction project is attainable with Simply Stone.

EASY CLEAN

A quick sweep or mop will effortlessly renew your floor, making Simply Stone one of the easiest floors to clean. Its textured low gloss finish also hides dust and dirt from reflecting off of the surface.

LOW MAINTENANCE

Simply Stone is virtually maintenance-free, aside from the occasional cleaning. There is no need to do anything other than sit-back and enjoy your beautiful Simply Stone flooring.

COMFORT CUSHION

Simply Stone is manufactured with comfort in mind. Simply Stone's Stone Core has the added benefit of an attached IXPE underpad for superior sound isolating characteristics and added comfort.

100% VIRGIN MATERIALS

Simply Stone is produced using 100% virgin materials, forgoing the use of adulterants and fillers. No recycled materials are used in manufacturing; this ensures a uniform composition and consistent quality resulting in a superior product.

EXCLUSIVE GOLD WARRANTY

Simply Stone is backed by an exclusive Gold warranty with a lifetime duration for residential applications and 15 years for commercial settings. You can rest easy knowing that you are secure with your new Simply Stone flooring.

exacTrims MATCHING MOLDINGS

Every flooring project is not complete without moldings and trims. Available for all Simply Stone products are exact matching t-molding, reducer, and stair nosing. exacTrims matching moldings are just that: exact match.

PERFECT SOLUTION

Simply Stone has been designed with you in mind to solve issues experienced with other flooring products. With Simply Stone, you will no longer have to worry about water and moisture, difficulty with installation, wear-ability, cleanliness, dimensional stability, and mismatched trims & moldings.

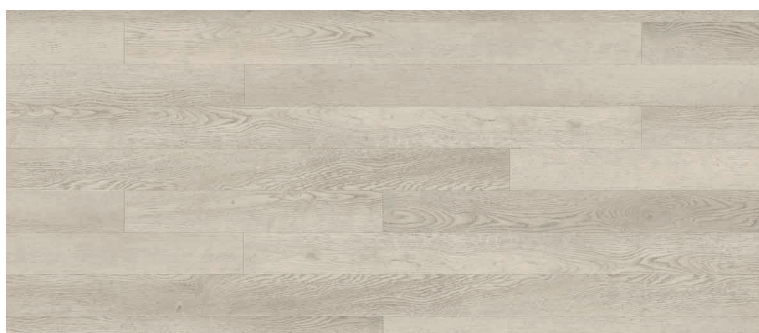

FLOOR SCORE CERTIFIED

Floor Score certified to meet indoor air quality standards, rigorously tested to be free of 35 types of Volatile Organic Compounds including formaldehyde. Qualifies for many green building schemes such as LEED v4, WELL, BREEAM, & CHPS.
