SPECIFICATIONS

Construction: Flexible LVT

Recommended Usage:
Residential and / or Commercial

Thickness: 2.5 mm

Plank Size: 6" x 48"

Pieces per Carton: 19

Wear Layer: 20 mil

Wear Layer Treatment: UltraGuard

Warranty
30 Yr Limited Residential / 10 Yr Light Commercial

Made in USA

Weathered Drift	**Lakeshore Trim**

FEATURES & BENEFITS

Waterproof

Resilient

High Variation
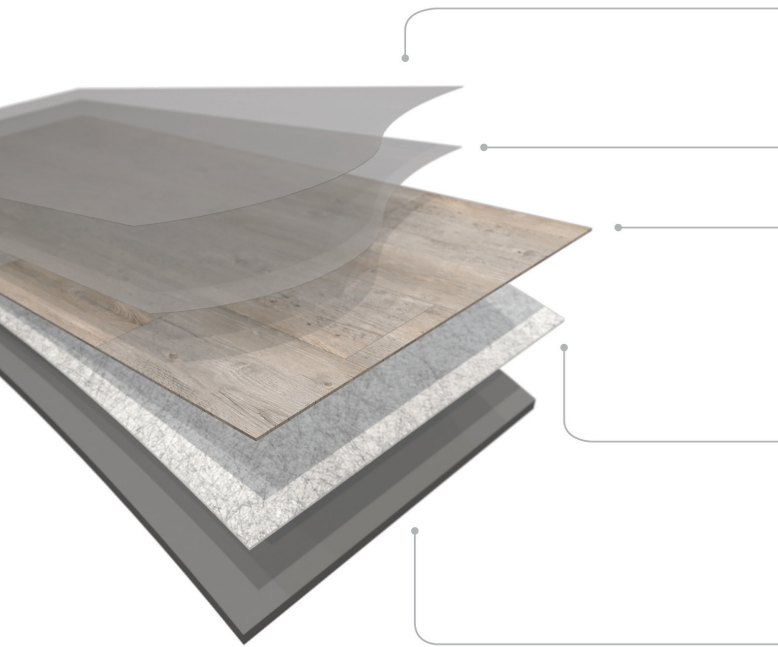

Stain Resistant

Easy to Clean

Easy to Maintain

Scratch Protection

Approved for Any Level

UltraGuard Stain Shield
UltraGuard provides superior protection from the toughest stains, spills, scuffs, and scratches - including those from pets.

QuickClean Wear Layer
Easy as 1, 2, 3...
1. Easy to clean - repels dirt and grime so cleaning is a breeze.
2. Easy to maintain - resists cuts, dents, scrapes and scratches.
3. Protection - protects against day-to-day wear for long lasting beauty.

High-Definition Print Layer
Where the high-definition designs and colors come to life.
A multitude of print cylinders create the most realistic visuals in the market.

Reinforcing Fiberglass
The fiberglass core is encapsulated by PVC layers, providing strength with flexibility, while ensuring an easy and trouble-free installation process. This inner layer offers your floor unique dimensional stability, which means no cracking, curling, expanding, or contracting.

Super Compact Backing
The backing's high density provides unparalleled dimensional stability, durability, and added protection against indention. This backing reduces impact noise and sound transmission while guaranteeing unmatched comfort underfoot. It also provides resistance to mold and mildew.

SEAM SEALER & ADHESIVES

Item	Description	Style
Flex-Prim	Primer/sealer for dusty substrates	IC04
Flex-Seam	Sheet vinyl seam sealer (100LF)	FLXSD
Flex Tech Ultra	1 Gal- 99% RH adhesive (Covers 250-350 SF)	DFTUL
Flex Tech Ultra	4 Gal-99% RH adhesive (Covers 1,000-1,400 SF)	DFTUL

SOUND TESTING INFORMATION

ASTM E90	ASTM E492	Assembly
STC 51	IIC 44	6" Concrete Slab
STC 56	IIC 45	8" Concrete Slab
STC 59	IIC 59	6" Concrete Slab with Drop-Ceiling
STC 62	IIC 72	8" Concrete Slab with HPPC5

TESTING INFORMATION

ASTM F970	Passes
Static Load Limit	ASTM F970	1,000 psi
Smoke Density	ASTM E662	Passes
COF Slip	ASTM D2047	≥ 0.6 (Dry, Wet)
Castor Wheel Test	ISO 4918	Passes
Flooring Radiant Panel	ASTM E648	Passes
Dimensional Stability with Heat	ASTM F2199	Passes
Resistance to Heat	ASTM F1514	Passes
Resistance to Light	ASTM F1515	Passes
Resistance to Chemicals	ASTM F925	Passes
