Happy feet make happy people

Looking for a warm and soft floor that offers **extra insulation and comfort**? Look no further!

Our vinyl floors are perfect for those who love to walk through life barefoot. No more cold feet, guaranteed!

SSSSHHH! Not only your feet will be happy, your mind will be completely set to rest, and you can focus on the sounds you really want to capture. Our floors are **super silent and absorb the walking sound perfectly**.

No more tapping sounds of high heels or toys that fall on the ground. They will even help you to sneak in and out the house quietly.

Tough yet stylish

A strong floor is key in any household but what we really want is a floor that looks good.

Stylish, pretty and fitting your interior. Stop reading and discover these beautiful designs yourself!

It will be difficult though to pick one though, our designers did their very best, you will love them all!

Worry-free installation

This beautiful scratch resistant floor is easy to install and the **perfect solution for renovation**. You will save time and money, benefits everybody loves! Thanks to the **textile backing**, our floor is perfect for uneven surfaces and for installation on existing floors. You can easily **smooth out any irregularities** in the surface (up to 3mm width and 2mm depth). Easy to install without needing to use expensive levelling or a professional.

A high performance multi-layer floor
